WHAT OUR CLIENTS SAY ABOUT THE SERVICE:

"Thank you for finding resources for us at very short notice. Both secondees made an immediate impact and very quickly became invaluable members of the team. We would not have met our objectives had it not been for your staff's hard work, diligence, willingness to help, good humour and positive attitude. I cannot sing their praises highly enough, they are a credit to themselves and to your organisation."

Andrew Glen, Finance Director, RBG Limited

"The secondment support provided by accounting and MIS staff from A2+B helped us streamline our accounting processes and enable us to produce automated management reports from our accounting software.

We have seen real benefits in both the quality and timeliness of our management information, and a reduction in the manual effort required to produce it. The confidence and efficiency of our existing staff has also flourished with the introduction of ideas brought during the support – thank you!"

Charlie Parker, Group Financial Director, John Lawrie Group
